Just a few reminders about going through and parking in back alleys. The City of Calgary Bylaw states:

- "The speed limit in all alleys is 15 km/h. Speeding in an alley carries the same fine as speeding on a roadway. For example, if you are traveling at 50 km/h in an alley, this is 35 km/h over the limit.
- "You may not park within 1.5 meters of or directly across from a driveway or garage entrance in an alley. Parking is also not allowed in front of or within 1.0 meters of the side of a garbage container or in alleys that are less than 6.1 meters wide."
- "You may not block an alley or impede other vehicles from using the alley. You must also leave a minimum of 3.0 meters unobstructed width for the passage of other vehicles. your vehicle may be towed.
